IPA Photography Contest 2021

Winner:

Francesco Malfasi (Università degli studi dell'Insubria, Italy)
Frost hummocks along the south coast of Saunders Island (Falkland Islands). February 2017.

Runners-up:

Luwig Jardillier (Université Paris-Saclay)

David Olefeldt (University of Alberta, Canada)
Rapidly expanding thermokarst wetlands within a peatland complex, near Wrigley along the Mackenzie River, NT, Canada. May 2019.
Joana Baptista (Université Laval, Canada)

Joana Baptista (Université Laval, Canada)
“Patterned Ground” Barton Peninsula (King George Island, Antarctica). February 2019.

Nick Brown (NSERC PermafrostNet, Canada)
Sunset after a cold day in the field, Northwest Territories, Canada.

Nick Brown (NSERC PermafrostNet, Canada)
Rock glaciers and cold-based glaciers on the Northwest face of Machhapuchhre, Nepal.

Nick Brown (NSERC PermafrostNet, Canada)
A periglacial landscape near Pangnirtung, Canada.

Sam Cornish (University of Oxford)
Serpentine channel, Mackenzie Delta, NT, Canada. 25 July 2015.

Sam Cornish (University of Oxford)
Return from Richards Island, Tuktoyaktuk, NT, Canada. 25 August 2015.

Viktor Kaufmann (Graz University of Technology, Austria)
Collapsed pingo, Tuktoyaktuk, NT, Canada. 25 August 2015.

Nicely layered organic-rich permafrost core at 168-183 cm depth from the Ikpikpuk River Delta, Arctic Coastal Plain, Northern Alaska. 15 July 2015.

Sobo-Sise Yedoma cliff in the Lena River Delta, Northeast Siberia, Russia. 7 August 2019.

Flight over low-center polygons in the Teshekpuk Lake Region, Arctic Coastal Plain, Northern Alaska. 15 July 2015.

A fox showed up during the beginning of frozen season at the Fenghuoshan watershed (4714 m.a.s.l.). 24 October 2017.

A flood occurred during the thaw season at the Fenghuoshan watershed with rainbow over the river (4733 m.a.s.l.). 8 August 2018.

Sobo-Sise Yedoma cliff in the Lena River Delta, Northeast Siberia, Russia. 7 August 2019.
**Kewei Huang** (Chinese Academy of Sciences)
Two kiang were chasing during growing season at the Fenghuoshan watershed (4737 m.a.s.l.). 28 July 2017.

**Catarina Guerreiro** (MARE, Portugal)

**Charlotte Haugk** (Stockholm University, Sweden)
First Fieldwork of my PhD in Abisko am investigating the release of Hg from thawing permafrost, northern Sweden. September 2020.

**Nele Lehmann** (Alfred Wegener Institute, Germany)
"One does not have to go into a rainforest to see a colorful landscape, the tundra landscape can be very colorful as well." Iskorasfjellet, Norway. 27 September 2020.

**Nele Lehmann** (AWI, Germany)
Seeing a herd of reindeer for the first time is an amazing experience! Iskorasfjellet, Norway. 24 September 2020.
Charlotte Haugk (Stockholm University, Sweden)

Charlotte Haugk (Stockholm University, Sweden)

Nele Lehmann (AWI, Germany)
Taking a break from soil coring, Iskrasfjellet, Norway. 27 September 2020.

Anne Morgenstern (AWI, Germany)
Watching Yedoma Ice Complex degrading on Kurungnak Island, Lena River Delta, Russia. 21 July 2016.

Anne Morgenstern (AWI, Germany)
Polygonal tundra in the Siberian Lena River Delta, Russia. 18 June 2015.

Francesco Malfasi (Università degli studi dell’Insubria, Italy)
Frost hummocks along the south coast of Saunders Island (Falkland Islands). February 2017.

Stefano Ponti (Università degli studi dell’Insubria, Italy)
Acve retrogressive thaw slump, Peel plateau along the Dempster Highway, NT, Canada. 14 June 2018.
David Olefeldt (University of Alberta, Canada)

Stefano Pon (Università degli studi dell’Insubria, Italy)

David Olefeldt (University of Alberta, Canada)
Rapidly expanding thermokarst pond within a peatland complex, near Wrigley along the Mackenzie River, NT, Canada. 27 May 2019.

Rapidly expanding thermokarst wetlands within a peatland complex, near Wrigley along the Mackenzie River, NT, Canada. 28 May 2019.
Stefano Pon (Università degli studi dell’Insubria, Italy)

Luwig Jardillier (Université Paris-Saclay)

Luwig Jardillier (Université Paris-Saclay)
Richard Trimble (Tetra Tech, Canada)
Massive Ice in foundation excavation, Dawson City, YT, Canada. September 2018.

Chunlin Song (Sichuan University)
Thaw slump and exposed ground ice at Fenghou Mountain in the Qinghai-Tibet Plateau permafrost region, China. 23 October 2020.

Luwig Jardillier (Université Paris-Saclay)

Chunlin Song (Sichuan University)
Thaw slump and exposed ground ice at Fenghou Mountain in the Qinghai-Tibet Plateau permafrost region, China. 23 October 2020.
